COMPANY HISTORY: OUR MILESTONES

ABOUT US

Al Shamali Auto Parts LLC has completed four decades of successful operations in the Auto Parts industry based in UAE.

From its humble beginning as a single Automobile Spare Parts showroom, Al Shamali has grown into a network of 5 showrooms in Dubai.

Backed by thirty reliable suppliers from Japan, we have created a very loyal & delighted customer network across the world.

Our prime focus is on Middle East, Africa, CIS countries and Asian markets.

Our major Japanese suppliers are Nippon Piston Ring Co. Ltd. for 'NPR' Piston Ring, Sankei Industry Co. Ltd. for '555' Suspension Parts, Teikoku Piston Ring Co. Ltd. for 'TP' Piston Ring, Aisin Seiki Co. Ltd for 'AISIN' Clutches, Hydraulic Parts and Lubricants, Nissan Pump Mfg. Co. Ltd. for 'NPW' Water Pumps. In addition to the above, 'TEIKIN' Engine components is our flagship brand in the Automotive Line.

We also work with top 10 export houses from Japan such as Toyo Trading Co. Ltd., Taiyo Corporation, SPK Corporation, K&M International, Eilin Company Ltd., Ushio Industries Ltd., OCT Corporation, Reco Export Agencies, Yeasu Trading Co. Ltd. & Morita & Co. Ltd

When dealing with any of our group's showrooms, our clients never feel the necessity to look around for more. One of the main advantages of dealing with our group is the ready availability of our wide range of products in Petrol and Diesel engine parts for Japanese and Korean vehicles. Customers rely on Al Shamali Auto Parts Group because of our exceptional customer service. With over 150 dependable and experienced staff, we understand the customer's expectation and assist them according to their needs. We are the most popular Spare parts dealer in the region in terms of providing reliable service with a unique commitment of quality and timely delivery. Our vast network of showrooms in U.A.E is helping us to ensure wide coverage and easy access to customers who are in search for reliable suppliers in order to meet their various needs.

PRODUCTS

TEIKIN

The Choice for original quality with over 30 years of experience as a global manufacturer of engine components serving both Original Equipment Manufacturer (OEM) and the After Market. TEIKIN Piston is now available in more than 95 countries spread across 5 continents and is manufactured in Indonesia. TEIKIN has always been committed to deliver only the highest quality products accompanied by outstanding after sales service to our customers worldwide. TEIKIN'S high precision engine components are manufactured by using state-of-the-art proprietary technology and synergized by the application of finest material experts available. Supported with widespread distribution through strong marketing networks, TEIKIN's extensive product range caters to the rigorous demands of the various Japanese, Korean, American and European engine applications. We continuously improve ourselves to deliver the delicate balance of quality, value, availability and service to the market. TEIKIN Engine components is our exclusive Brand since 1994.
